wash up liquid

D-ACTIVE 20

WASH UP LIQUID

CODE: KR-301

20% active hand washing liquid formulated for the hand washing of plates, crockery, cutlery & glassware to cut through grease & grime leaving a streak free finish.

wash up liquid

BRILL

WASH UP LIQUID

CODE: KR-302

14% active hand washing liquid formulated for the hand washing of plates, crockery, cutlery & glassware to cut through grease & grime leaving a streak free finish.

wash up liquid

ANTI-BAC WASH UP

BACTERICIDAL WASH UP LIQUID

CODE: KR-303

14% active hand washing liquid containing a bactericidal agent effective against a wide range of bacteria, as well being an anti-fungal, anti-spore & anti-viral agent for the hand washing & disinfection of plates, crockery, cutlery & glassware.

wash up liquid

WASH UP

WASH UP LIQUID

CODE: KR-304

8-10% active hand washing liquid formulated for the hand washing of plates, crockery, cutlery & glassware to cut through grease & grime leaving a streak free finish.

dish wash & glass wash liquid

DISH PLUS

DISH WASH WITH TANNIN REMOVER

CODE: KR-305

High quality, concentrated alkaline dish washing detergent suitable for use in all dish washing machines. Designed for the removal of tea & coffee stains from crockery, eliminating the need for additional de-staining products. Not suitable for galvanised metal, zinc & aluminium alloys.

dish wash & glass wash liquid

DISH WASH EXTRA

SUPER CONCENTRATED DETERGENT

CODE: KR-306

High quality, highly concentrated alkaline dish washing detergent suitable for use in all dish washing machines. Not suitable for galvanised metal, zinc, aluminium & aluminium alloys.

dish wash & glass wash liquid

DISH WASH

CONCENTRATED DETERGENT

CODE: KR-307

High quality, concentrated alkaline dish washing detergent suitable for use in all dish washing machines. Not suitable for galvanised metal, zinc, aluminium & aluminium alloys.

dish wash & glass wash liquid

ALU SAFE DISH WASH

ALUMINIUM SAFE DISH WASH DETERGENT

CODE: KR-308

High quality, highly concentrated dish washing detergent suitable for use in all dish washing machines. Unlike other dish wash it is safe to use on galvanised metal, zinc, aluminium & aluminium alloys.

KITCHEN RANGE

dish wash & glass wash liquid

RINSE AID

MACHINE RINSE AID

CODE: KR-309

Fast acting water dispersing agent that speeds the drying process of crockery, glassware & cutlery in dish washing systems to leave a clean, spotless, streak free surface.

5L 20L

dish wash & glass wash liquid

GLASS WASH

MACHINE GLASS WASH DETERGENT

CODE: KR-310

High quality, highly concentrated alkaline glass washing detergent suitable for use in all glass washing machines. Not suitable for galvanised metal, zinc, aluminium & aluminium alloys.

5L 20L

dish wash & glass wash powder

GLASS RENOVATING POWDER

MACHINE GLASS RENOVATING POWDER

CODE: KR-311

Formulated to remove non-rinsable residues from new & existing glassware. These residues affect beer head retention & lacing characteristics that are essential to product quality & presentation.

10KG

dish wash & glass wash powder

DISH WASH POWDER

ALUMINIUM SAFE DISH WASH POWDER

CODE: KR-312

High quality, concentrated alkaline powder detergent suitable for use in all dish washing machines. Suitable for galvanised metal, zinc, aluminium & aluminium alloys.

10KG

dish wash & glass wash powder

DE-STAIN POWDER

DE-STAINING POWDER DETERGENT

CODE: KR-313

Highly effective powder for removing tea, coffee & lipstick stains from crockery & tannin stains from tea urns, coffee making machines & vending machines.

10KG

oven cleaner

OVEN CLEANER

OVEN & GRILL CLEANER

CODE: KR-314

Highly concentrated caustic based oven cleaner for the rapid & effective removal of carbonised fat & grease deposits from ovens, grills, fryers, barbeques etc.

750ml 5L

degreaser

SHIFT

HEAVY DUTY DEGREASER

CODE: KR-316

Highly concentrated degreaser to remove grease, oil & ingrained soiling from walls, worktops, shelving, fridges, canopies, food warmers, ovens, tiled floors & a variety of hard surface areas. Ideal for use in kitchens & food processing areas.

750ml 5L 20L

degreaser

ECO SHIFT

DEGREASER

CODE: KR-317

Concentrated degreaser to remove grease, oil & ingrained soiling from walls, worktops, shelving, fridges, canopies, food warmers, ovens, tiled floors & a variety of hard surface areas. Ideal for use in kitchens & food processing areas.

5L 20L

KITCHEN RANGE

sanitizing degreaser

SHIFT PLUS

DEGREASER & SANITIZER

CODE: KR-315

Tough, highly concentrated degreaser designed for food preparation areas to cut through grease & grime. Also contains a blend of betaines & microbicidal actives to kill gram positive & gram negative bacteria such as E. coli & C. Difficile as well as yeast & fungi.

5L 20L

sanitizing degreaser

SANI-CLEAN

SANITIZER & DEGREASER

CODE: KR-318

Food safe cleaner & sanitizer containing Benzalkonium Chloride, proven to be effective against a wide range of bacteria, fungi & viruses such as MRSA, Staph, E. Coli, C. Difficile, Salmonella & Listeria. Designed for use anywhere there may be a risk of contamination or infection.

750ml 5L 20L

sanitizing degreaser

OXOSAN FOAM

FOAMING DEGREASER & SANITIZER

CODE: KR-323

Concentrated liquid detergent & sanitizer designed for use through foaming equipment to remain on surfaces to promote soil suspension & emulsification as well as killing germs, fungi, & algae in abattoirs, meat plants or any industrial food processing area to cut through grease, fats & organic matter.

5L 20L

sanitizer

MR SAN

MULTI PURPOSE SANITIZER

CODE: KR-319

Food safe sanitizer, for use after cleaning, containing Benzalkonium Chloride, proven to be effective against a wide range of bacteria, fungi & viruses such as MRSA, Staph, E. Coli, C. Difficile, Salmonella & Listeria. For use anywhere there may be a risk of contamination or cross infection.

5L 20L

sanitizer

MILLSTER

STERILIZING FLUID

CODE: KR-320

A Sodium Hypochlorite based solution recommended for deodorizing & sterilizing work surfaces, sinks, walls, floors, toilets, drains, crockery, bottles & white fabrics etc. Proven to be effective against 99.9% of all known germs. Not suitable for metals, painted or varnished surfaces.

5L

de-scaler

MACHINE DE-SCALER

LIME SCALE REMOVER

CODE: KR-322

Concentrated acid based cleaner & de-scaler designed to remove lime scale, rust, carbon & dirt from kettles, boilers, coffee machines & dish washers. Will remove corrosion from aluminium & brighten copper, stainless steel & zinc.

1L 5L

DEMA SQUIRT - MAINS DRAIN DOSING PUMP

CODE: DA-921

Compact drain dispenser that operates on a 12V plug-in transformer & uses an electronic timer for dosing activations of up to 8 feeds per 24 hours.

DEMA DRAIN CHIEF

CODE: DA-922

Compact, battery powered drain dispenser uses an electronic timer for dosing activations of up to 8 feeds per 24 hours.

For a full range of Dispensers & Accessories please see pages 18 & 19.

BATHROOM RANGE

toilet duck

SUPER BOWL BLUE 12%

TOILET DE-SCALER

CODE: BR-401

A powerful cleaner, sanitizer & de-scaler suitable for use on all ceramic toilets & urinals. Regular use will dissolve lime & uric scale to maintain deposit free, sparkling hygienic fittings. Avoid contact with chrome, brass & stainless steel.

750ml

toilet duck

SUPER BOWL BLUE 4%

TOILET DE-SCALER

CODE: BR-402

A cleaner, sanitizer & de-scaler suitable for use on all ceramic toilets & urinals. Regular use will dissolve lime & uric scale to maintain deposit free, sparkling hygienic fittings. Avoid contact with chrome, brass & stainless steel.

1L 750ml

toilet duck

SUPER PHOS BLUE

SAFE ON ALL SURFACES - TOILET DE-SCALER

CODE: BR-403

A powerful, safe on stainless steel, cleaner & de-scaler suitable for use on all bathroom & sanitary equipment & surfaces. Regular use will dissolve lime & uric scale to maintain deposit free, sparkling hygienic fittings without the use of harsh abrasives.

750ml

toilet duck

DUCK FRESH

DAILY TOILET CLEANER

CODE: BR-404

An all-purpose cleaner & deodorizer suitable for toilets, urinals, sinks & all hard surfaces. Duck Fresh clings to the surface leaving it clean with a pleasant fresh fragrance. Regular use helps prevent lime scale build-up.

750ml

bleach

THICK BLEACH EXTRA

CODE: BR-405

A multi-use 7% Sodium Hypochlorite & Sodium Hydroxide based solution recommended for cleaning, deodorizing & sterilizing work surfaces, sinks, walls, floors, toilets, drains etc. Can also be used for the removal of stains from crockery or white clothing. Not suitable for use on metals, painted or varnished surfaces.

5L

bleach toilet duck

THICK BLEACH

CODE: BR-406

A multi-use 4% Sodium Hypochlorite based solution recommended for deodorizing & sterilizing work surfaces, sinks, walls, floors, toilets, drains etc. Can also be used for the removal of stains from crockery or white clothing. Not suitable for use on metals, painted or varnished surfaces.

750ml 5L

bleach

MILL BLEACH

CODE: BR-407

A multi-use 4% Sodium Hypochlorite based solution recommended for deodorizing & sterilizing work surfaces, sinks, walls, floors, toilets, drains etc. Not suitable for use on metals, painted or varnished surfaces.

5L

bleach

BLEACH

CODE: BR-408

A multi-use 2% Sodium Hypochlorite based solution recommended for deodorizing & sterilizing work surfaces, sinks, walls, floors, toilets, drains etc. Not suitable for use on metals, painted or varnished surfaces.

5L

BATHROOM RANGE

multi-purpose cleaners

BATHROOM SHINE

CLEANER, SANITIZER & DE-SCALER

CODE: BR-409

Multi-purpose cleaner, sanitizer & de-scaler with a fresh fragrance designed to kill a wide range of bacteria, fungi & viruses such as MRSA, E. Coli, Listeria, & Influenza. Removes grease, body fats & water stains from floors, tiles, glass, perspex etc. Regular use will maintain sparkling hygienic fittings.

multi-purpose cleaners

PINE DISINFECTANT EXTRA

MULTI-PURPOSE DISINFECTANT

CODE: BR-410

An extra strong disinfectant formulated for use as a general purpose disinfectant for drains, refuse bins, sinks, lavatories, floors & walls to kill bacteria, deodorize & neutralize bad odours to leave a pleasant pine fresh fragrance.

5L

multi-purpose cleaners

PINE DISINFECTANT

MULTI-PURPOSE DISINFECTANT

CODE: BR-411

Formulated for use as a general purpose disinfectant for drains, refuse bins, sinks, lavatories, floors & walls to kill bacteria, deodorize & neutralize bad odours to leave a pleasant pine fresh fragrance.

5L

multi-purpose cleaners

LEMON DISINFECTANT

MULTI-PURPOSE DISINFECTANT

CODE: BR-412

Formulated for use as a general purpose disinfectant for drains, refuse bins, sinks, lavatories, floors & walls to kill bacteria, deodorize & neutralize bad odours to leave a pleasant lemon fresh fragrance.

5L

tile & grout cleaner

SUPER BOWL

CERAMIC, TILE & GROUT CLEANER

CODE: BR-413

A powerful cleaner, sanitizer & de-scaler that will remove & kill all organic growth including mould & mildew as well as the build-up of lime-scale & scum from all ceramic, grout & concrete surfaces. Avoid contact with chrome, brass & stainless steel.

5L

de-odourizer & air freshener

SANI-FRESH

ODOUR NEUTRALIZER, SANITIZER & FRESHENER

CODE: BR-416

Kills the bacteria that cause bad odours to neutralise smells such as urine, faeces, mould & decomposition from drains, sinks, lavatories, bins etc. to leave washrooms sanitized with a long lasting clean & fresh fragrance.

750ml 5L

JOFEL BULK SOAP DISPENSER 1L

CODE: DA-910

High quality, white & clear plastic, 1 litre capacity, lockable, bulk liquid soap dispenser.

JOFEL BULK FOAM SOAP DISPENSER 1L

CODE: DA-910

High quality, white & clear plastic, 1 litre capacity, lockable, bulk liquid soap dispenser.

For a full range of Dispensers & Accessories please see pages 18 & 19.

LAUNDRY RANGE

powders

BIO & NON BIO POWDER

CODE: LR-701B & LR-702NB

Developed for industrial & institutional use to remove grease, oil & ingrained soiling from cotton & synthetic fibres. Bio Powder - An enzyme built biological laundry powder to give excellent results at low temperatures. Non bio logical - To give excellent results at medium to high temperatures.

10kg 10kg

specialist powders

LAUNDRY DE-STAIN POWDER

CODE: LR-710

In conjunction with powder or liquid detergent, designed to penetrate & breakdown tough stains such as blood, urine, food & drink stains from fabrics. Ideal for use in hospitals & care homes where bodily secretions may need to be removed.

10kg

liquids

LIQUID DETERGENT EXTRA

CODE: LR-703

Highly concentrated non biological laundry liquid for industrial & institutional use to remove grease, oil & ingrained soiling from cotton & synthetic fibres. Gives excellent results at medium to high temperatures.

5L 20L

liquids

LIQUID DETERGENT

CODE: LR-704

Non biological laundry liquid for industrial & institutional use to remove grease, oil & ingrained soiling from cotton & synthetic fibres. Gives excellent results at medium to high temperatures.

5L 20L

liquids

FABRIC SOFTENER

CODE: LR-705

Concentrated, skin sensitive, fabric conditioner for use in commercial & institutional laundries. Suitable for use on all types of fibre to leave fabric soft with a fresh linen fragrance. Contains cationic properties to repel soiling, keep fibres cleaner for longer & ease ironing.

5L 20L

specialist liquids

OXY BLEACH

CODE: LR-706

Hydrogen peroxide based, anti-fungal, antibacterial & anti-viral detergent effective against MRSA, C. Diff, Staph, E. Coli, Influenza & Hepatitis C. To be used on white or coloured fabrics in combination with laundry detergent to remove blood, urine, food & drink stains from fabric even at low temperatures.

5L 20L

specialist liquids

LAUNDRY EMULSIFIER

CODE: LR-708

Concentrated liquid emulsifier for industrial & institutional use in conjunction with liquid detergent to remove oil & grease from even the most heavily soiled fabrics. Suitable for use on all fabric types.

SC7-ALL-PURPOSE

HOUSEHOLD CLEANER & SANITIZER

CODE: SC-807

Fragranced, all-purpose hard surface cleaner & sanitizer for use on all household surfaces such as floors, furniture, mirrors, sinks, showers, toilets etc. to clean & kill a wide range of bacteria, fungi & viruses such as MRSA, Staph, E. Coli, C. Difficile, Salmonella & Listeria.

For a full range of Super Concentrate Dispensers & Accessories please see page 19.

HOUSEHOLD RANGE

floor stripper, polish & maintainer

FLOOR STRIPPER

MINIMUM RINSE FLOOR STRIPPER

CODE: HR-501

Designed to remove water based metalized floor polishes with ease, leaving them ready for re-polish applications. Can be used manually or through scrubber dryer machines.

5L

floor stripper, polish & maintainer

FLOOR POLISH 25%

25% SOLIDS METALIZED FLOOR POLISH

CODE: HR-502

High quality, high gloss, metalized floor polish containing a blend of acrylic copolymers, resins & wax in a stable water based emulsion designed for strength & durability. Produces a deep shine with good slip resistance & is suitable for all spray burnishing techniques & high speed floor machines.

5L

floor stripper, polish & maintainer

MULTI-SHINE

WAX FLOOR MAINTAINER

CODE: HR-503

High quality, high gloss, water based, metalized floor maintainer containing a blend of acrylic copolymers, resins & wax. Designed to clean & produce a high gloss finish. Suitable for damp mop or spray burnish or high speed floor machines. Contains a pleasant perfume to leave rooms smelling clean & fresh.

5L

general floor cleaner

MOP SHINE

NEUTRAL FLOOR CLEANER

CODE: HR-507

Multi-purpose neutral floor cleaner designed to clean & shine all hard floor surfaces. Suitable for damp mop, spray burnish or high speed floor machines. May also be used on sinks, lavatories, plastics, & all hard surfaces to leave a lemon fresh fragrance.

5L

general floor cleaner

PINE GEL

ALL PURPOSE CLEANER

CODE: HR-505

Viscous, multi-purpose cleaner ideal for all hard floor surfaces as well as sinks, lavatories, plastics & work-tops, leaving a streak free finish & a pine fresh fragrance.

5L

general floor cleaner

LEMON GEL

ALL PURPOSE CLEANER

CODE: HR-506

Viscous, multi-purpose cleaner ideal for all hard floor surfaces as well as sinks, lavatories, plastics & all hard surfaces, leaving a streak free finish & a lemon fresh fragrance.

5L

general floor cleaner

FLOOR CLEANER

ALKALINE, FLOOR CLEANER

CODE: HR-504

High foaming, concentrated cleaner for the rapid & effective removal of fat, grease, grime, oil & ingrained soiling from vinyl, rubber, concrete, ceramic & painted floor surfaces to leave a grease free non slip surface.

5L

general floor cleaner

SCRUB CLEAN

LOW FOAM FLOOR DEGREASER

CODE: HR-508

Concentrated cleaner for the rapid & effective removal of fat, grease, grime, oil & ingrained soiling from vinyl, rubber, concrete, ceramic & painted floor surfaces to leave a grease free non slip surface. Ideal for use in pressure washers & high speed floor machines.

5L 20L

HOUSEHOLD RANGE

carpet & upholstery

CARPET SHAMPOO

CARPET & UPHOLSTERY CLEANER

CODE: HR-509

Low foaming, quick drying carpet & upholstery cleaner, designed to quickly penetrate & release dirt & grime from carpet & fabric so less water is used. Suitable for manual use or through carpet shampoo machines.

750ml 1L 5L

window, glass & stainless steel

WINDOW CLEAN

GLASS & MIRROR CLEANER

CODE: HR-510

Concentrated, high performance window cleaner specially blended with low foaming detergents to cut through film, haze, smudges, dirt, greasy soot & other industrial soils to leave a streak free finish.

750ml 5L

window, glass & stainless steel

GLASS & STAINLESS STEEL

GLASS & STAINLESS STEEL CLEANER

CODE: HR-511

A special blend of alcohols & surfactants designed to cut through film, haze, smudges, dirt & grease to leave glass & stainless steel clean & streak free.

750ml 5L

furniture polish

FURNITURE & GLASS POLISH

STREAK FREE WAX POLISH

CODE: HR-512

Suitable for Wood, Glass, Leather, Plastic, Paintwork & Fiberglass. This high performance, water based wax polish is specially blended to remove film, haze, smudges, dirt, grease & other soils to leave a streak free wax protected finish.

750ml 5L

multi-purpose cleaner

CLEAN & FRESH

MULTI-PURPOSE CLEANER & SANITIZER

CODE: HR-513

A fresh fragranced, multi-purpose hard surface cleaner & sanitizer designed for use on all household surfaces such as floors, furniture, mirrors, windows, sinks, showers, toilets etc. Cleans & kills a wide range of bacteria, fungi & viruses such as MRSA, Staph, E. Coli, C. Difficile, Salmonella & Listeria.

750ml 5L

room deodorizer

ROOM DEODORIZER

ODOUR NEUTRALIZER, SANITIZER & FRESHENER

CODE: HR-514

Kills the bacteria that cause bad odours to neutralise smells such as urine, faeces, mould & decomposition from soft furnishings, carpets, curtains, drains, refuse bins & lavatories to leave rooms sanitized with a long lasting clean & fresh fragrance.

750ml 5L

WALL PUMP

CODE: DA-912

Hard wearing, non-drip, wall mounted plunger pump gives accurate dosing of up to 30ml per shot.

SEKO DR.35

2 PUMP TIMED

SPEED, PROBE, CYCLIC

CODE: DA-925

Microprocessor controlled for easy installation & user-friendly programming. Can be used with all types of dishwashing machines.

For a full range of Dispensers & Accessories please see pages 18 & 19.

PERSONAL CARE RANGE

PINK PEARL HAND SOAP
LIQUID HAND SOAP
CODE: PC-201
 A pearlized, pink, perfumed liquid hand soap with a pleasant fresh fragrance. Whilst being gentle on skin, removes general soils, light oils & greases.

500ml 5L

WHITE PEARL HAND SOAP
LIQUID HAND SOAP
CODE: PC-213
 A pearlized, white, perfumed liquid hand soap with a pleasant fragrance. Whilst being gentle on skin, removes general soils, light oils & greases.

500ml 5L

PINK HAND SOAP
LIQUID HAND SOAP
CODE: PC-202
 A perfumed liquid hand soap with a pleasant fresh fragrance. Whilst being gentle on skin, removes general soils, light oils & greases.

500ml 5L

ANTI-BAC HAND SOAP
ANTI-BACTERIAL HAND SOAP
CODE: PC-203
 Effective against a wide range of bacteria, as well as being an anti-fungal, anti-spore & anti-viral agent. Designed for use where there may be a risk of contamination or cross-infection caused by the handling of food, goods or instruments.

500ml 5L

FOAM SOAP
LIQUID FOAM SOAP
CODE: PC-204
 Perfumed liquid foam soap for use only with our Foam Soap Dispenser. Gentle on skin, removes general soils, light oils & greases & leaves a pleasant fresh fragrance.

5L

ANTI-BAC FOAM SOAP
ANTI-BACTERIAL LIQUID FOAMING SOAP
CODE: PC-211
 Effective against a wide range of bacteria, as well as being an anti-fungal, anti-spore & anti-viral agent. For use only with our Foam Soap Dispenser. Designed for use where there may be a risk of contamination or cross-infection caused by the handling of food, goods or instruments.

5L

LUXURY LIQUID HAND SOAP
GINGER, BLACK PEPPER & CARDAMOM
CODE: PC-205
 An enriching & nourishing Ginger, Black Pepper & Cardamom fragranced luxury hand soap designed to leave hands feeling clean, fresh & nourished.

500ml 5L

BEADED HAND GEL
INDUSTRIAL HAND SOAP
CODE: PC-206
 Citrus gel soap with plastic beads to remove heavily soiled grease & grime whilst being gentle on skin. Ideal for use in difficult working conditions such as plant maintenance, garages, farmyards etc.

5L

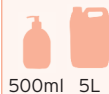

PERSONAL CARE RANGE

LUXURY HAIR & BODY WASH

WHITE MULBERRY, MIMOSA & GREEN TEA

CODE: PC-207

Enriching & nourishing White Mulberry, Mimosa & Green Tea fragranced, luxury hair & body wash. Suitable for all hair & skin types to clean, condition & nourish. Ideal for use in Hotels, Gyms & Sporting Clubs.

500ml 5L

hair & body shampoo

CREAM PEARL HAIR & BODY WASH

HAIR & BODY SHAMPOO

CODE: PC-208

Pearlized, fragranced, hair & body shampoo. Suitable for all hair & skin types. Cleans & conditions to remove general soils, light oils & greases. Ideal for use in Gyms & Sporting Clubs.

500ml 5L

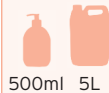

hair & body shampoo

GREEN PEARL HAIR & BODY WASH

HAIR & BODY SHAMPOO

CODE: PC-209

Pearlized, apple fragranced, hair & body shampoo. Suitable for all hair & skin types. Cleans & conditions to remove general soils, light oils & greases. Ideal for use in Gyms & Sporting Clubs.

500ml 5L

hair & body shampoo

HAND SANITIZER GEL

ALCOHOL BASED

CODE: PC-210

Contains 70% Ethanol to kill organisms by denaturing their proteins & dissolving their lipids. Effective against most bacteria, fungi & many viruses. Designed for regular use & contains moisturizing agents to ensure skin does not become dry. Odourless once dry.

500ml 5L

hand sanitizer

500ML SOAP BOTTLE BRACKET

CODE: DA-926

Strong & highly durable Stainless Steel wall bracket designed to hold any 28ml bottle neck.

For a full range of Soap Dispensers & Accessories please see pages 18.

OUTDOOR INDUSTRIAL RANGE

drain cleaner

BREAK TRU

DRAIN OPENER

CODE: OIR-601

A highly aggressive, 96% Sulphuric Acid based drain opener. Liquefies grease, paper, hair, leaves & any organic matter in pipes & drains. Not suitable for contact with chrome, brass & stainless steel. Does not harm septic tank activity.

1L 5L

drain cleaner

SODIUM HYDROXIDE 30%

DRAIN CLEANER

CODE: OIR-602

Concentrated alkaline drain cleaner designed to dissolve & effectively remove carbonised fat & grease deposits from sinks, pipes, grease traps etc. Can be used manually or through grease trap dosing units. Not suitable for galvanised metal, zinc, aluminium & aluminium alloys.

1L 5L

drain cleaner

DRAIN FREE

BIOLOGICAL GREASE TRAP TREATMENT

CODE: OIR-603

Biological treatment for grease traps, interceptors, pipes, drains, toilets & urinals. Eliminates odours, liquefies fats & grease & digests organic waste. Contains a blend of high count multi-bacterial cultures formulated for use in all food processing areas. 100% environmentally friendly.

5L 20L

outdoor product

MOSS CLEAR

MOSS REMOVER

CODE: OIR-605

A strong bactericide & fungicide for the removal of Bacterial Spores, Moss, Algae Spores & other organic growths from tarmac, paths, stone-work, slates etc.

5L 20L

outdoor product

PATIO & DASH WALL CLEANER

FUNGICIDAL SOLUTION

CODE: OIR-606

A Sodium Hypochlorite based liquid for the removal of algae, mould & other organic growth from concrete, brickwork or dash walls & buildings. For use as a masonry biocide.

5L 20L

outdoor product

CON-CLEAN

CONCRETE & BRICK CLEANER

CODE: OIR-607

Strong liquid acid for use in a wide range of applications including concrete etching. Cleans stained concrete & brick work, removes cement from equipment, rust, corrosion & the build-up of lime-scale from closed systems. Cleans out copper, brass & steel piping in water meters etc.

5L 20L

agricultural

SOBALC - HI FOAM CLEANER

HIGH FOAM ALKALINE CLEANER

CODE: OIR-610

Concentrated alkaline liquid specially designed to cut through grease, fats & organic matter. Designed for areas where stable foam is required to remain on surfaces to promote soil suspension & emulsification. Ideal for use in slatted sheds, livestock marts etc. Not suitable for galvanised metal, zinc, aluminium or painted surfaces.

20L

agricultural

DETSAN

MILK EQUIPMENT DETERGENT & SANITIZER

CODE: OIR-612

A strong chlorine & caustic blend of alkalis designed for the hot & cold washing of milking equipment by circulation & for the recirculation cleaning of large insulated milk holding tanks. Can be diluted up to 200ml per 40L of water.

5L 20L

OUTDOOR INDUSTRIAL RANGE

agricultural

AGRI-HYPOCHLORITE

DAIRY SANITIZER

CODE: OIR-613

A Sodium Hypochlorite based bactericide ideal for manual or in place disinfection of dairy utensils, pipelines, equipment & surfaces. Suitable for use in hard or soft water areas.

agricultural

SCALE X

MILK SCALE REMOVER

CODE: OIR-614

Concentrated acid based cleaner & de-scaler designed for manual or in place milk scale removal from dairy utensils, pipelines, equipment & surfaces. May also be used to remove rust, carbon, lime scale & dirt from ferrous metals, corrosion from aluminium & brighten copper, stainless steel & zinc.

water treatment

HYPOSAN H

WATER SANITIZER

CODE: OIR-615

Sodium Hypochlorite based bactericide with a built in scale inhibitor for the sanitization of water through group water scheme pump house injection systems.

industrial cleaning

OXOSAN FOAM

FOAMING DEGREASER & SANITIZER

CODE: OIR-621

Concentrated liquid detergent & sanitizer designed for use through foaming equipment to remain on surfaces to promote soil suspension & emulsification as well as killing germs, fungi, & algae in abattoirs, meat plants or any industrial food processing areas to cut through grease, fats & organic matter.

industrial cleaning

LOW FOAM PLUS

SUPER STRENGTH INDUSTRIAL FLOOR CLEANER

CODE: OIR-617

Super concentrated, floor cleaner for use on industrial flooring for the removal of the most stubborn & ingrained soiling such as tyre marks & oil stains. Ideal for use in pressure washers & high speed floor machines.

industrial cleaning

OIL DISPERSANT

OIL EMULSIFIER

CODE: OIR-622

Water based, gentle on the environment, oil emulsifier to cleanly & efficiently disperse oil or fuel spills from concrete, asphalt, tarmac or any hard surface.

industrial solvent

CHEWING GUM REMOVER

CHEWING GUM & GLUE REMOVER

CODE: OIR-618

Powerful but safe to use solvent, designed to be used undiluted for the safe removal of chewing gum, oil spots, stickers, tar & most adhesives from walls, paths, floors, carpets & upholstery.

industrial solvent

GRAFFITI REMOVER

INDUSTRIAL GRAFFITI REMOVER

CODE: OIR-619

Solvent used for the removal of Graffiti from walls, floors & paths etc. Will effectively remove spray paint, crayon marks & permanent markers from most substrates such as natural stone, masonry surfaces, ceramic & porcelain tiles etc. Not to be used on solvent sensitive surfaces.

AUTO CARE RANGE

RC1
TRAFFIC FILM REMOVER
CODE: AC-101
 Super concentrated alkaline vehicle wash for the effective removal of traffic film & ingrained soiling from paintwork, glass & plastics to leave a streak free surface. Ideal for use all system wash types. Caustic soda content 1-2%.

traffic film remover

5L 20L 205L 1000L

RC2
TRAFFIC FILM REMOVER
CODE: AC-102
 Concentrated alkaline vehicle wash for the effective removal of traffic film & ingrained soiling from paintwork, glass & plastics to leave a streak free surface. Ideal for use all system wash types. Caustic soda content 1%.

traffic film remover

5L 20L 205L 1000L

MTW - TOUGH WASH
TRAFFIC FILM REMOVER
CODE: AC-103
 Super concentrated alkaline vehicle wash designed for heavily soiled vehicle exteriors & curtain siders to leave a grease free, streak free, gleaming surface. Ideal for use all system wash types. Caustic soda content 2-3%.

traffic film remover

5L 20L 205L 1000L

NON CAUSTIC HIGH FOAM
TRAFFIC FILM REMOVER
CODE: AC-105
 Concentrated alkaline vehicle wash for the effective removal of traffic film & ingrained soiling from paintwork, glass & plastics to leave a gleaming finish without the use of caustic. Ideal for use all system wash types. Caustic soda content 0%.

traffic film remover

5L 20L 205L 1000L

CHERRY SHAMPOO
VEHICLE SHAMPOO
CODE: AC-106
 Semi viscous, neutral, concentrated vehicle shampoo with a pleasant cherry fragrance, designed to cut through grease & grime to leave a streak free, shining finish.

vehicle shampoo

5L 20L 205L 1000L

SNOW FOAM
VEHICLE SHAMPOO
CODE: AC-107
 Neutral, concentrated vehicle shampoo designed to create a high foam to cling to the vehicle surface to promote soil suspension & emulsification to leave a streak free, shining finish.

vehicle shampoo

5L 20L 205L 1000L

ALUMINIUM TRAILER CLEANER
ACID CLEANER
CODE: AC-108
 Acid based cleaner designed to remove the effects of oxidation, calcification & mineralization to remove rust, carbon, lime scale, dirt & corrosion to brighten aluminium trailers.

trailer cleaner

5L 20L 205L

EASY WAX
EXTERIOR WAX
CODE: AC-109
 An easy to apply, cationically dispersing wax emulsion, applied after cleaning to leave a protective wax coating on glass, paintwork & all vehicle surfaces.

exterior wheel & trim product

5L 20L

AUTO CARE RANGE

exterior wheel & trim product

SUPER ALLOY CLEANER

ACID CLEANER

CODE: AC-110

A complex blend of acids & surfactants which are highly effective in removing black carbon dust & dirt from alloy & painted wheels.

exterior wheel & trim product

TAR & GLUE REMOVER

SOLVENT CLEANER

CODE: AC-111

Fast acting, fast drying, ready to use solvent that removes road tar, wax, glue, bugs, grease & most adhesives from paintwork, glass or PVC surfaces.

exterior wheel & trim product

TYRE DRESSING

HIGH GLOSS DRESSING

CODE: AC-112

Premium, high gloss dressing prevents drying, cracking, fading & hardening of rubber, plastic & vinyl surfaces of vehicle exteriors. For use on tyres, bumpers, mouldings, trim & vinyl tops.

interior, glass & trim product

INTERIOR TRIM CLEANER

MULTI-SURFACE CLEANER

CODE: AC-113

Concentrated cleaner designed to remove oil based grime such as make up & cigarette smoke staining from plastic, leather, fabric & all vehicle interiors.

interior, glass & trim product

DASH SHINE

TRIM CLEANER & PROTECTANT

CODE: AC-114

High gloss wax cleaner to leave a protective high shine, wax coating & pleasant fragrance on plastic & leather interiors.

interior, glass & trim product

ALL WAX

MATT SHEEN TRIM PROTECTANT

CODE: AC-115

A fragranced, liquid wax emulsion that cleans & leaves a protective invisible wax coating on glass, plastic, leather, paintwork, wood & fiberglass to leave a non-greasy finish.

interior, glass & trim product

CARPET & UPHOLSTERY CLEANER

FABRIC CLEANER

CODE: AC-116

A low foaming, quick drying, fragranced carpet & upholstery cleaner designed to quickly penetrate & release dirt & grime from carpet & fabric. Suitable for manual use or through carpet shampoo machines.

interior, glass & trim product

AUTO GLASS CLEANER

GLASS & MIRROR CLEANER

CODE: AC-117

Concentrated, high performance window cleaner specially blended with low foaming detergents to cut through film, haze, smudges, dirt & grease left by tobacco smoke, make up, bugs & other soils to leave a streak free finish. Ideal for use as a concentrated screen wash.

DISPENSERS & ACCESSORIES

MANUAL PUMPS

2L Pump 10ml Dose

CODE: DA-905

White plunger pump with a 10ml dose for use with our 2L Super Concentrates Range.

5L Pump 30ml Dose

CODE: DA-906

White plunger pump with a 30ml dose for use with 5L containers.

20L Pump 30ml Dose

CODE: DA-907

White plunger pump with a 30ml dose for use with 20L containers.

Seko Wall Pump

CODE: DA-912

Hard wearing, non-drip, wall mounted plunger pump gives accurate dosing of up to 30ml per shot.

20L Drum Siphon Pump

CODE: DA-908

A 20L / 25L litre drum siphon pump to give a continuous flow of chemical from the dispensing tube.

205L Barrel Siphon Pump

CODE: DA-909

A 205 litre barrel siphon pump to give a continuous flow of chemical from the dispensing tube.

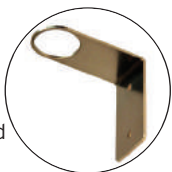

SOAP DISPENSERS

500ml Soap Bottle Bracket

CODE: DA-926

Strong & highly durable Stainless Steel wall bracket designed to hold any 28ml bottle neck.

Bulk Soap Dispenser 1L

CODE: DA-901

1 litre capacity, white, bulk liquid soap dispenser. Two button press to open.

Jofel Bulk Soap Dispenser 1L

CODE: DA-910

High quality, white & clear plastic, 1 litre capacity, lockable, bulk liquid soap dispenser.

Jofel Bulk Foam Soap Dispenser 1L

CODE: DA-911

High quality, white & clear plastic, 1 litre capacity, lockable, foam soap dispenser. Comes with spare foaming head.

LAUNDRY LIQUID DISPENSERS

Seko MP4: 2,3 or 4 Pump Laundry Unit

CODE: DA-917, 918 & 919

An easy to use automatic laundry chemical dosing unit with up to 4 pumps. Ideal for on-premise laundry applications.

Dema Atlas Commercial & OPL System

CODE: DA-934

On-premise laundry system with up to 7 pumps. Accommodates 2 different pump sizes to handle different machine sizes, capacities & applications.

DRAIN DOSING DISPENSERS

Dema Squirt - Mains Drain Dosing Pump

CODE: DA-921

Compact drain dispenser that operates on a 12V plug-in transformer & uses an electronic timer for dosing activations of up to 8 feeds per 24 hours.

Dema Drain Chief - Battery Drain Dosing Pump

CODE: DA-922

Compact, battery powered drain dispenser uses an electronic timer for dosing activations of up to 8 feeds per 24 hours.

DISPENSERS & ACCESSORIES

DISH & GLASS WASH DISPENSERS

Dema Olympian Mini Pump - Detergent

CODE: DA-923

Single pump for under counter washers, glass washers & small commercial machines. Features a quick change pump cover & pre-wired power supply for quick installation.

Dema Olympian Mini Pump - Rinse Aid

CODE: DA-924

Single pump for under counter washers, glass washers & small commercial machines. Features a quick change pump cover & pre-wired power supply for quick installation.

Seko DR.35 - 2 Pump Timed Speed, Probe, Cyclic

CODE: DA-925

Microprocessor controlled for easy installation & user-friendly programming. Can be used with all types of dishwashing machines.

SUPER CONCENTRATE DISPENSERS

Dema - Single Product Bottle Fill

DA-913

Durable & accurate, 1 hand bottle fill for flexibility. Features Action Gap & Air Gap. Modular design allows cabinets to be coupled together.

Dema - Single Product Bucket Fill

DA-914

Durable & accurate, features remote fill option for easy filling, Action Gap & Air Gap & modular design allows cabinets to be coupled together.

Dema - Multi Product Bottle Fill

DA-915

"Dial-a-Blend" selector allow for dilution of 1-4 products or dilutions in either low flow or high flow. 1 hand bottle fill for flexibility.

Dema - Multi Product Bucket Fill

DA-916

"Dial-a-Blend" selector allow for the dilution of 1-4 products or dilutions in either low flow or high flow. 1 hand bucket fill for flexibility.

SUPER CONCENTRATE ACCESSORIES

2L Pump 10ml Dose

CODE: DA-905

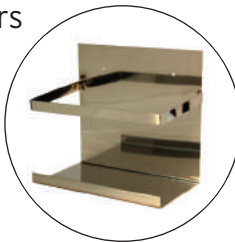

White plunger pump with a 10ml dose for use with our 2L Super Concentrates Range.

Stainless Steel Shelf for 2x2L Containers

CODE: DA-927

Strong & highly durable Stainless Steel wall shelf for use with our 2L Super Concentrates. Holds 2 x 2L Bottles.

Stainless Steel Shelf for 4x2L Containers

CODE: DA-928

Strong & highly durable Stainless Steel wall shelf for use with our 2L Super Concentrates. Holds 4 x 2L Bottles.

Standard Trigger Spray

CODE: DA-929

High density polyethylene (HDPE), economical trigger spray head with good mist spray coverage.

Standard 750ml Bottle

CODE: DA-930

High density polyethylene (HDPE), economical trigger spray bottle in a natural/clear colour.

Colour Coded Trigger Sprays

CODE: DA-931

High performance sprayer with a 2.2ml output designed for long term use. Adjustable nozzle from jet to fine mist. Suitable for professional, industrial & janitorial use. Available in a variety of colours.

Round Graduated 750ml Bottle

CODE: DA-932

High density polyethylene (HDPE). Graduated for easy measuring of chemical dilutions with 750ml capacity.

Dosing Boards 2x2L & 4x2L

CODE: DA-933

Vinyl white board for behind stainless steel shelving unit to give clear instruction for the Super Concentrates Range.

Super Concentrates Labels

CODE: DA-936

Colour coded vinyl labels to fit 750ml trigger spray bottles.

THE CLEANING RANGE

PROFESSIONAL CLEANING PRODUCTS

HEALTH, SAFETY & THE ENVIRONMENT

All products are manufactured in Ireland since 1993 to ISO 9002 quality standards.

All products conform to R.E.A.C.H (Registration, Evaluation, Authorisation and Restriction of Chemicals) & CLP (Classification, Labelling, Packaging) regulations, are fully biodegradable and phosphate free thus safe for our environment.

All of our packaging is made of recyclable materials.

Over 90% of packaging and raw materials are sourced in Ireland.

Our plastic drums are of high molecular weight and high density polyethylene, designed to deliver the product in perfect condition.

Material Safety Data Sheets (MSDS) are available on all products.

We also offer a bespoke manufacturing service to specially formulate tailor made products to meet specific requirements. For more information speak to your distributor or go to www.cleaningrange.ie.
